Chapter 1 by CALI DEAN

Once upon a time there were two demigods who thought they were madly in love. Their names were Cali Dean and Danny. Cali's father was Poseidon and Danny's father was Hades. But they didn't care what their parents thought. They were madly in love and nothing could separate them at least they thought. This story will be about the Love of the sea. And how the end of a war can change someone. And how a friendship can end before there are goodbyes. How can you be with someone that controls death? How can you be with someone that is literally thousands of years younger than you? We will find out how two demigods who have nothing in common who were once madly in love can separate by a feud that's been going on since before they were alive.
